Crimsafe doors are attractive and strong

Crimsafe Fixed Window Panels are non-moving panels that can be face-fitted, reveal-fitted using our angled frame, or they can be fixed in the flyscreen track.

All Crimsafe windows use the unique Screw-Clamp technology... tamper-resistant screws go through a metal clamp, then through the Tensile-Tuff® mesh and then they're driven right

into the frame, to hold the mesh in a "vice-like" grip which gives the window enormous strength against attack.

Our windows exceed Australian Standards, rather than merely meeting them.

More about fixed windows overleaf...

Applications

Window types that can utilise Crimsafe Fixed Window Panels

- Sliding Windows
- Double Hung Windows
- Louvres
- Lap Louvres

Features & Benefits of Crimsafe Fixed Window Products

Easy Installation	Crimsafe Security System products are custom built off-site then quickly affixed to your home. Our fixed window panels are easy to install.
Smaller Frame Sections	Boasting the strength of door frames, but with a smaller frame width
Slimline Design	Heavy duty protection without heavy duty looks – a cross section reveals the frame is only 11mm thick and 35mm wide
Screw-Clamp Security	Only Crimsafe clamps 304 Tensile-Tuff® Security Mesh between 2 serrated pieces of metal, then drives a screw right through both mesh and frame to ensure a “vice-like” grip...and beats more burglars.
Tamper-Resistant Screws	Exclusive to Crimsafe. Screws can only be applied or removed by a tool registered with Crimsafe. This ensures the integrity of your security system.
Custom Built	Means a perfectly fitted job. Product can be made to fit the design and format of your windows.
Enhanced Lifestyle	Crimsafe provides unhindered views, keeps out mosquitoes, and lets you keep a cool, safe house in summer
WERS Rated	Improves the energy rating of glass windows and doors and gives your home the ability to gain a higher home energy star rating.
Solar Heat Gain Reduction	Solar heat gain is reduced by up to 53% reducing dependence on air-conditioning and saving on energy bills.
Passes Australian and Industry Standards	Crimsafe products always exceed the relevant Australian and Industry Standards for security
Range of Colours	Crimsafe stocks a range of standard colours so that the system you buy complements your home. Other colours are available on request.
Guaranteed for 10 Years	Crimsafe warrants the product from defects in materials under the conditions of normal use for up to 10 years from the date of purchase. Please refer to our Warranty & Care Guide for more information.

Only Crimsafe drives a screw right through mesh and frame – for unbeatable strength
